To Whom It May Concern:

I have the pleasure of knowing Paula Harder Kenemore through my work as the Dementia Project Coordinator at the Arrowhead Area Agency on Aging and as a member of the Duluth Area Dementia Professionals network. Recently Paula presented at our Spring 2008 Dementia Conference: *Living Well, Finding Hope*. This was a day long conference for professionals and family caregivers.

Paula's presentation was energetic, informative and she was able to easily engage her audience. Her knowledge of the information presented was readily apparent from the ease of her presentation style and the many examples she used to illustrate her points. Paula's background and experience in dementia care and related issues contributed to making her presentation relevant and well received by her audience.

It was a sincere pleasure to work with Paula during the process of planning for the conference and her presentation. She was able to anticipate the needs of her audience and she was always responsive to my requests.

I would gladly recommend Paula as a speaker and I look forward to the opportunity to work with her again in the future.

Sincerely,

Jill Sparrow
Dementia Project Coordinator
